ORGANISER'S REPORT

In perfect conditions the likes of which have never been witnessed at this race before nine runners were inside Mark Kinch's course record of 1995. Ian Holmes and Mark Kinch set a blistering pace and only from the summit of Yearlet was Ian able to pull away to victory. Congratulations to both of them for such a great race. Congrats also to Carol Greenwood for such a decisive victory in the Ladies race.

The day went very smoothly thanks to all the help and support from my Mercia colleagues, their partners, families and friends and from both sides of my family. A number of you have sent me kind letters which are much appreciated. The 11.00 am start for those who wanted to get round the course but felt the cut off times might be difficult to achieve also seems to have been welcomed. Well done Lou Myers for completing the course this year at the tender age of 70.

We unfortunately had one complaint from the same resident who complained in 1996. He lives by the start and rightly objects to runners peeing in front of his house. Instructions were explicitly spelt out in the final details given to you in the car park about this. There are plenty of toilets at the school and public conveniences 200 metres further up the valley. I had to placate his wrath on your behalf but its likely he will lodge a formal complaint to the National Trust on whose land we run over. I hope we will still get permission to hold the race next year. Access is becoming more and more difficult for fell races and such behaviour by a small minority doesn't assist the cause.

I trust you enjoyed your trip to Shropshire and will hopefully come again to sample its many delights. For the anoraks amongst you I set out below the average times for those who have run the new course every year since it was first inaugurated in 1993. Last year 10 runners appeared on the list, now its down to 5!
